And I'm \_\_\_\_\_. Today is October twenty-second two thousand and nine, and it's an orange day! Starting off the day with Panther TV's Top Ten Halloween Horror Movie Countdown, we have your number seven, the film "Trick 'r Treat." It is a film about Halloween night in a small town in which strange things are happening. The school principal is stalking the streets for fresh victims, lonely gentlemen seeking a date go missing, urban legends are not so urban, and a cute toddler by the name of Sam holds the most shocking surprise of all. This film will not disappoint when it comes to the scare factor. These scary stories all come together to connect to one another in some way, so while watching be sure not to look away because you never know what you might miss. Tune in tomorrow and the rest of next week for numbers Six through Ten of Panther TV's Top Ten Halloween Horror Movie countdown.

Panthers, did you know that Marijuana is the most widely used illicit drug in the United States and tends to be the first illegal drug teens use? Over an estimated Nineteen point nine million Americans over the age of twelve are current users of an illicit drug. If you know of a friend who is under the influence of drugs or alcohol, be sure to do your part and tell a concerned adult. Use this tip and others given this week to make your environment a better place. You have the power to make positive choices, and with these positive choices come a positive attitude and lifestyle. This week is Red Ribbon Week so, together, we can make the world a better place by educating the population about the affects of drugs and alcohol.
